THE MARCH OF COMPANY A.

"Forward, march!" was the captain's word,
And the tramp of a hundred men was heard,
As they formed into line in the morning gray,
Shoulder to shoulder, went Company A.

Out of the shadow into the sun,
A hundred men that moved as one;
Out of the dawning into the day,
A glittering file, went Company A.

Marching along to the rendezvous,
By grassy meadows the road ran through,
By springing cornfields and orchards gay,
Forward, forward went company A.

And the pink and white of the apple trees,
Falling fast on the fitful breeze,
Scattered its dewy, scented spray
Straight in the faces of Company A.

A breath like a sigh ran through the ranks—
Treading those odorous blossom-banks,
For the orchard hillsides far away,
The northern hillsides of Company A.

Forward, march!—and the dream was sped:
Out of the pine wood straight ahead
Clattered a troop of the Southern gray
Face to face with company A.

Forth with a flash in the Southern sun
A hundred sabres leaped like one.
Sudden drum-beat and bugle play
Sounded the charge for Company A.

Halt! What is here? A slumbering child,
Roused by the blast of the bugle wild,
Between the ranks of the blue and gray,
Right in the path of Company A.

Nothing knowing of North or South,
Her dimpled finger within her mouth,
Her gathered apron with blossoms gay,
She stared at the guns of Company A.

Straightway set for a sign of truce
Whitely a handkerchief fluttered loose,
At front of the steel of the Southern gray
Galloped the captain of Company A.

To his saddle-bow he swung the child,
With a kiss on the baby lips that smiled,
While the boys in blue and the boys in gray
Cheered for the captain of Company A.

Forth from the ranks of his halted men,
While the wild hurrahs rang out again,
The Southern leader spurred his way
To meet the captain of Company A.

Out of the arms that held her safe
He took with a smile the little waif,
A grip of the hand 'twixt blue and gray,
And back rode the captain of Company A.

Up there, in the distant cottage door,
A mother clasping her child once more,
Shuddered at sight of the smoke-cloud gray
Shrouding the path of Company A.

A little later and all was done—
The battle was over, the victory won.
Nothing left of the pitiless fray
That swept the ranks of company A.

Nothing left—save the bloody stain
Darkening the orchard's rosy rain.
Dead the chief of the Southern gray,
And dead is the captain of company A.

Fallen together the gray and blue,
Gone to the final rendezvous,
A grave to cover, a prayer to say,
And—Forward, march! went Company A.

The Alamo.

A brief outline of plan to beautify the Alamo in a manner due its unique position as chief and most precious relic of Texas is hereby submitted:

First. Buy all property available of the block now surrounding the Alamo. Develop and beautify as a park.

Second. Build monument to the martyrs of '36, directly opposite the Alamo, where the bodies were burned, present strip of park being extended as far as Houston street and surround Alamo north, east and west.

Third. Endow Alamo, monument and park with a fund in perpetuity, sufficient for their proper care.

Fourth. Form board of trustees, three in number, to be appointed by the Governor of Texas, with ex-officio member in the person of the Governor, who shall hold a deciding vote in case of disagreement, all action on the part of the board to be unanimous.

Fifth. Raise requisite sum for the purchase of the property for necessary expenditure incidental to enterprise, and for permanent endowment fund, by solicited subscription of FIFTY cents from every adult Texan.

Sixth. Start endless chain letter October 1st from the 240 county judges, to the effect that any one enclosing full name and address and fifty cents (or forty-nine cents in stamps with paraffine protection, purchasable of local postmaster) will secure by return mail a photograph of the painting of the Alamo, presented to Wm. McKinley, President of the United States, on the occasion of his recent visit to San Antonio.

The money will be sent to special committee, appointed by the Governor of the state, custodian of the fund to be State Treasurer. Each name of contributor, as received, will be registered and printed upon a monster memorial to be deposited later beneath the corner stone of the monument.

Prizes of three hundred, two hundred and one hundred dollars will be offered for the best editorial written during the months of August, September and October, on the subject of the Alamo, its history, its moral lesson, the duty of the state towards its preservation, etc.

The time has come when more attention must be paid to the public roads. The trade of our town, and the peace and best interest of the county call for it. I hope that the various road overseers will take advantage of the opportunity to work the roads while plowing can be done and put them in good condition. Kindly remember that I should not be blamed if any of you get into trouble about it. Remember that I am not the maker of either the law or the facts. I do not have any say as to what is the law, and you and not I, are the builder of the facts. The commissioners court placed this burden upon you, this is how the duty rests upon you. Your neglect calls for the legal machinery to be set in motion. Then do not blame me if you are caught. Do you expect me to neglect my duty because you do not do yours? Kindly save yourself and me, too, any annoyance about this.

Very Respectfully,
R. W. Morgan,
County Attorney.

The Stayer is in better condition to turn out job printing than it has ever been before. The lack of reliable help has been a great annoyance to us and our patrons too, sometimes preventing us from turning out our work within a reasonable time. The high class of work we have been turning out is well known to our patrons and we are now able to do it much quicker and equally as good as ever.

Where it will connect with a train on the Atchison line that it is hoped will put cattle into Kansas City for Wednesday's market, BUT IT MUST BE UNDERSTOOD THAT WE DO NOT GUARANTEE TO MAKE THIS MARKET, as we are liable to be delayed in gathering shipments all along the line, as this train contemplates, and may have to unload for feed and rest, in order to comply with the law. We have selected Wednesday's market for the reason that we are assured that the market on the following day, Thursday, is equally good, and our patrons are therefore protected as far as we can protect them against loss on account of possible delay as above suggested.

We will still continue to handle train load shipments, with proper notice, on any day of the week as suits shipper. This weekly stock train is simply intended to take care of shipments that would otherwise have to be handled by way freight trains and necessarily suffer considerable delay.

"The Best is the Cheapest."

Not how cheap, but how good, is the question.

The Twice-a-Week Republic is not as cheap as are some so-called newspapers. But is as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price, \$1.00 a year. Any newsdealer, newspaper or postmaster will receive your subscription or you may mail it direct to

Ranch Sold.

One of the largest ranch deals of the year was closed in this city yesterday when final title deeds were passed to the purchasers, Messrs. J. W. and H. C. Kokernot, of San Antonio, who bought through J. N. Winters & Co., of this city a ranch of 75,000 acres in Lubbock county, known as the "Iowa Ranch," and said by competent judges to be one of the best ranches in West Texas. The price paid was \$1.35 per acre, all cash. The Messrs. Kokernot have refused an offer of \$1.75 per acre from which fact comes the inference that they got a bargain in its purchase.—Fort Worth Register.
